with PMI-Montreal's insurance program

Why you need insurance?

PMI-Montreal understands the importance of providing financial security for your loved ones – and peace-of-mind for you. Comprehensive insurance coverage can provide you with a solid foundation of protection to help maintain a comfortable lifestyle for you and your family should an accident or illness prevent you from working. That's why PMI-Montreal has partnered with MédicAssurance Inc. to offer you a quality insurance program that combines the flexibility of individual insurance with the price advantage of group insurance. As a member of PMI-Montreal, you have access to these important and affordably-priced insurance benefits.

Life insurance

A key component of a sound financial plan

Whether you are just starting your career, established and married, or planning your retirement, protect the financial well-being of your family and loved ones in the event of your death with Life insurance.

Accidental Death or Dismemberment insurance

Additional protection

Accidental Death and Dismemberment insurance helps provide additional protection in the event of an accident that results in death, dismemberment or loss of use.

Extended Health Care, Drugs insurance and Dental insurance

Comprehensive yet cost effective solutions for your health care needs

The program's Extended Health Care (EHC), Drugs insurance and Dental insurance plans provide coverage for a range of medically necessary health expenses which are not covered by your provincial health care plan. Whether you need prescription medications, emergency medical assistance when you're travelling outside the province, or dental care, EHC and Dental coverage can help cover your costs.

Long Term Disability insurance

Protect your ability to earn an income

Your ability to earn an income is one of your most important assets. Long Term Disability insurance is designed to help protect you and your family by providing a source of monthly income if an accident or sickness prevents you from working.

In the event of a claim, proof of income must be provided (T1 or other official documents, as requested) for the 2 year period preceding the disability or death, so that the amount granted does not exceed the target replacement rate for the declared net income.

For example, an insured that was approved for a disability insurance amount of \$3,000 per month during medical selection, with a "salary" of \$2,500 at time of claim, will only be eligible for a benefit of \$2,500 for this period of disability. The insured nevertheless retains the right to be insured for an amount up to \$ 3,000 for subsequent claims, if his income justifies it for the new claim. The insured will receive the lesser of the approved amount at medical selection, or the eligible salary at time of claim.
